SUBJECT INDEX TO VOLUME 134

Adrenal cortex hormones
in treatment of pulmonary sarcoidosis (Johns et al), 271
Alcoholism
alcoholic myopathy (Prasad et al), 226
Aortic valve
detection of ball variance by liver biopsy (Ridolfi & Hutchins), 131

Ballistocardiography
computer analysis of (Harrison & Hudson), 17
pulse, carotid (Harrison & Hudson), 17
Balloon atrial septostomy
for transposition of the great arteries (Hawker et al), 95
Blood circulation
fetal pattern in transposition of great arteries (Hawker et al), 107
Book reviews
246, 307, 309, 310
Brady residents:
Presentation of portrait of Dr. W. W. Scott, 181
Breast Neoplasms
(Borden, E. C.), 65
(Baker, R. R.), 76
(Abeloff, M. D.), 84

Chemotherapy
in ureteral obstruction secondary to malignant lymphoma (Abeloff & Lenhard, Jr.), 34
Chick embryo
effect of LSD on (Bargman & Gardner), 90
Cholera toxin induced secretion
absence of concurrent permeability changes of intestinal mucosa (Scherer et al), 156
Colon
electrical and motor activity (Vanasin, B. et al), 201
Computers
analysis of ballistocardiograms (Harrison & Hudson), 17
Coronary circulation
(Sabiston, D. H., Jr.), 314
Coronary heart disease
familial and genetic (Thomas & Duszynski), 251
Cyclophosphamide therapy
in case of pulmonary metastases from giant cell tumor of bone (Kutchemeshgi et al), 237
Cystic hygroma
in an adult (Miller & Taboada), 233

Down's syndrome
occurrence of hyperthyroidism in patients with (Azizi et al), 303

Fever
methicillin-associated (Spengler et al), 28
Fibroma
of heart (Hardin et al), 141
Follow-up studies
of longevity (Abbott et al), 1
Forthcoming special events
62, 128, 187, 248, 311, 365

Genetics
familial component in longevity (Abbott et al), 1
Giant cell tumors
pulmonary metastases (Kutchemeshgi et al), 237

Heart conduction system
complications of implantation (Codini et al), 118
congestive heart failure (Codini et al), 118
coronary artery disease (Codini et al), 118
Heart defects, congenital
cardiac anomalies associated with Noonan syndrome (Caralis et al), 346
Heart neoplasms
(Hardin et al), 141
Heart surgery
(Ridolfi & Hutchins), 131
Heart valve prosthesis
detection of ball variance by liver biopsy (Ridolfi & Hutchins), 131

Hodgkin's disease
selected observations of vinca alkaloid dose schedules in man and animals (Lenhard, Jr. et al), 211
Hypersensitivity
corticosteroid in a patient with systemic lupus erythematosus (von Maur et al), 356
in acute interstitial nephritis (Burton et al), 58
Hypertension, familial and genetic
prospective study of disease states (Thomas & Duszynski), 251
Hyperthyroidism
in Down's syndrome (Azizi et al), 303

In appreciation
(Turner, T. B.), 313
Intestinal mucosa
absence of concurrent permeability changes in association with cholera toxin induced secretion (Scherer et al), 156

Johns Hopkins
A century of clinical science at Johns Hopkins. Contributions to medicine by students, house officers and faculty (Harvey, A. McG.), 218
Medical students on the march: Brown, MacCallum and Opie (Harvey, A. McG.), 330
Pioneers in urology (Harvey, A. McG.), 291

Keloid
treatment of five hundred patients (Inalsingh, C. H. A.), 284
Kidney failure, acute
from oxacillin (Burton et al), 58

Lectures
The J. Douglas Colman (Nelson, R. A.), 191
The Samuel Novey (Stoller, R. J.), 43
The William F. Rienhoff, Jr. (Sabiston, D. H., Jr.), 314
Leiomyosarcoma
of heart (Hardin et al), 141
Liver biopsy
detection of ball variance in prosthetic heart valves (Ridolfi & Hutchins), 131
Longevity
familial component in (Abbott et al), 1
Lung neoplasms
ten-year study of corticosteroid treatment of pulmonary sarcoidosis (Johns et al), 271
Lung physiopathology
in sarcoidosis (Johns et al), 271
Lupus erythematosus, systemic
corticosteroid allergy in a patient (von Maur et al), 356
Lymphoma
clinical management of ureteral obstruction secondary to (Abeloff & Lenhard, Jr.), 34
Lysergic acid diethylamide
effect on chick embryo (Bargman & Gardner), 90

Mental disorders, familial and genetic
(Thomas & Duszynski), 251
Mesothelioma
of heart (Hardin et al), 141
Methicillin
a double-blind comparison of two manufacturers (Spengler et al), 28
with associated fever (Spengler et al), 28
Muscular diseases
alcoholic myopathy, simulating deep vein thrombosis (Prasad et al), 226
Myocardium
cardiomyopathy and parasystolic ventricular tachycardia in association with recurrent acute alcoholic myopathy simulating deep vein thrombosis (Prasad et al), 226
Myxoma
of heart (Hardin et al), 141

National Health programs
Observations on administrative reorganization and postgraduate medical education in the National Health Service of Great Britain (The J. Douglas Colman lecture) (Nelson, R. A.), 191
Neoplasma, familial and genetic
(Thomas & Duszynski), 251
Nephritis, interstitial
due to oxacillin (Burton et al), 58
Noonan syndrome
associated with multiple cardiac anomalies (Caralis et al), 346

Pacemaker, artificial
a 10-year experience; complications of implantation, congestive heart failure and coronary artery disease (Codini et al), 118

Penicillin adverse reactions
in acute interstitial nephritis (Burton et al), 58
Presentation of portrait of Dr. W. W. Scott (Brady residents), 181
Radiotherapy
in treatment of ureteral obstruction due to malignant lymphoma (Abeloff & Lenhard, Jr.), 34
Rhabdomyosarcoma
of heart (Hardin et al), 141

Sarcoidosis, pulmonary
a ten-year study of corticosteroid treatment (Johns et al), 271
Suicide, familial and genetic
prospective study of five disease states (Thomas & Duszynski), 251
Symposium on breast cancer
viruses and breast cancer, implication of mouse and human studies (Borden, E. C.), 65
current trends in the early detection and management of primary breast cancer (Baker, R. R.), 76
current trends in the management of metastatic breast cancer (Abeloff, M. D.), 84

Transposition of great vessels
outcome of balloon atrial septostomy (Hawker et al), 95
persistence of fetal pattern of circulation (Hawker et al), 107
Tuberous sclerosis
of heart (Hardin et al), 141

Uremia
secondary to malignant lymphoma (Abeloff & Lenhard, Jr.), 34
Ureteral obstruction
secondary to malignant lymphoma (Abeloff & Lenhard, Jr.), 34
Urography
in ureteral obstruction due to malignant lymphoma (Abeloff & Lenhard, R. E., Jr.), 34

Vinblastine
in treatment of Hodgkin's disease (Lenhard, Jr. et al), 211

SUBJECT INDEX TO VOLUME 135

Abel, John Jacob
pharmacology's giant (Harvey, A. McG.), 245
Achlorhydria
benign gastric ulcers occurring with persistent histamine-fast achlorhydria (Wald & Burbige), 436
Alcoholism
effect on motility of small intestine (Robles et al), 17
Allescheria Boydii mycetoma
complicating pulmonary sarcoid (Belitsos et al), 259
Angioedema, hereditary
long term therapy with fluoxymesterone and oxymetholone (Davis et al), 391
Angiography
of the cervix (Hochheimer & Flower), 375
Angiotensin II
measurement in an ultrafiltrate of plasma (Ruiz-Maza et al), 211
Aortic valve
and arch anomalies in the congenital asplenia syndrome, case report, literature review and re-examination of the embryology of the congenital asplenia syndrome (Freedom, R. M.), 124
Asplenia, congenital
associated with aortic valve and arch anomalies (Freedom, R. M.), 124

Blalock-Taussig, operation
long-time observations (Taussig et al), 161
Blastomycosis
first described at Johns Hopkins: Gilchrist and Schenck (Harvey, A. McG.), 114
Bone, undecalcified
microradiography: simplified, inexpensive technique (Dunn et al), 106
Book reviews
61. 136, 204, 286, 369, 442
Brain death
a method for recording the pulsation of the midline echo (Uematsu & Walker), 383

Catheterization, intra-arterial
effect on arterial wall (Kristt et al), 1
Cervix
angiography of (Hochheimer & Flower), 375
Child development
serum gonadotropins in hypothyroid girls with and without sexual precocity (Lee & Blizzard), 55
Cirrhosis, biliary
associated with cystic fibrosis in newborn (Cooper & Oppenheimer), 268
associated with systemic sclerosis, polymyositis and scleroderma (Uhl et al), 191
Clark, John G.
early contributions to the surgery of cancer: William S. Halsted, Hugh H. Young (Harvey, A. McG.), 399
Commencement address at The Johns Hopkins University School of Medicine, May 24, 1974 (Tumulty, P. A.), 425
Components of variance
in laboratory quality control (Russell et al), 344
Cystic fibrosis
manifested as focal biliary cirrhosis in a newborn infant with congenital heart disease (Cooper et al), 268

Dandy, Walter Edward
neurosurgical genius (Harvey, A. McG.), 358
Dextrocardia
arch anomalies in the congenital asplenia syndrome, case report, literature review and re-examination of the embryology of the congenital asplenia syndrome (Freedom, R. M.), 124

Echo-pulsation
a method for recording the pulsation of the midline echo in clinical brain death (Uematsu & Walker), 383
Edema
long-term therapy in hereditary angioedema: preventive management with fluoxymesterone and oxymetholone in severely affected males and females (Davis et al), 391
Education, medical graduate
evaluation of The Johns Hopkins pediatrics housestaff training program by past and present house officers (Haslam et al), 229

Electrolytes
electron probe localization in immature muscle (Nichols et al), 322
Ethanol
effect on motility of small intestine (Robles et al), 17

Folic acid, deficiency
effects on glucose and aging of intestinal transport of tritiated folic acid (^{3}H-PGA) in the everted gut sac of the rat (Bhanthumnavin et al), 152
Forthcoming special events
64, 140, 207, 288, 571

Gastric ulcer
associated with histamine-fast achlorhydria (Wald & Burbige), 436
General medical care
identification and analysis of alternative approaches (McDermott, W.), 292
Gonadotropins, serum
in hypothyroid girls with and without sexual precocity (Lee & Blizzard), 55

Halsted, William S.
early contributions to the surgery of cancer: John G. Clark, Hugh H. Young (Harvey, A. McG.), 399
Halsted, William Stewart
(Holman, E.), 418
Heart
block associated with calcific mitral annulus (Bertolatus et al), 199
congenital defects (Taussig et al), 161
hypertensive disease and permanent cardiac pacing (Schaefer et al), 143
membrane ventricular septum (Rosenquist & Sweeney), 9
Heart block
caused by calcific mitral annulus fibrosus (Bertolatus et al), 199
Heart defects, congenital
cystic fibrosis manifested as focal biliary cirrhosis in a newborn infant with congenital heart disease (Cooper & Oppenheimer), 268
Hereditary diseases
Mucopolysaccharidosis VI (Di Ferrante et al), 42
Hodgkin's disease
in 1974 (Wiernik, P.H.), 25
Hyperaldosteronism
intracellular granules of human renal medulla in potassium depletion (France et al), 274
Hypersensitivity
relationship to immunoglobulin E (Ishizaka, K.), 67
Hypertension, heart disease
treatment by permanent cardiac pacing (Schaefer et al), 143
Hypothyroidism
levels of serum gonadotropins in girls with and without sexual precocity (Lee & Blizzard), 55

IgE
immunoglobulin E and reaginic hypersensitivity (Ishizaka, K.), 67
Intestinal transport
folic acid (Bhanthumnavin et al), 152

Leucogenenol
distribution of in organs, glands and tissues of animals (Rice et al), 336

Maduromycosis
Allescheria Boydii mycetoma complicating pulmonary sarcoid (Belitsos et al), 259
Maroteaux-Lamy disease
clinical and biochemical study of a mild variant case (Di Ferrante et al), 42
Megacolon
special diagnostic and therapeutic features (Tobon & Schuster), 91
Microradiography
of undecalcified bone: simplified, relatively inexpensive technique (Dunn et al), 106
Mitral valve stenosis
complete heart block (Bertolatus et al), 199
Monosporium
mycetoma complicating pulmonary sarcoid (Belitsos et al), 259
Mucopolysaccharidosis VI (Maroteaux-Lamy disease)
clinical and biochemical study of a mild variant case (Di Ferrante et al), 42
Mycoses
two forms first described at Johns Hopkins by Gilchrist and Schenck (Harvey, A. McG.), 114

Pacemaker, artificial
possible adjunct for treatment of hypertensive heart disease with bradycardia (Schaefer et al), 143
Pediatric training
evaluation by The Johns Hopkins pediatric housestaff, past and present house officers (Haslam et al), 229
Peptic ulcer
occurrence with persistent histamine-fast achlorhydria (Wald & Burbige), 436
Pharmacology
pharmacology's giant: John Jacob Abel (Harvey, A. McG.), 245
Potassium depletion
association with intracellular granules of the human renal medulla in (France et al), 274

Puberty, precocious
serum gonadotropin in hypothyroid girls (Lee & Blizzard), 55

Quality control
components of variance in laboratory (Russell et al), 344

Reagins
immunoglobulin E and hypersensitivity (Ishizaka, K.), 67
Renal medulla
association of intracellular granules with potassium depletion (France et al), 274
Respiratory distress syndrome
assisted ventilation with nasal continuous positive airway pressure and its effects on morbidity and mortality in (Risemberg et al), 171

Scleroderma adultorum
primary biliary cirrhosis in systemic sclerosis and polymyositis (Uhl et al), 191
Sporotrichosis
first described at Johns Hopkins: Gilchrist and Schenck (Harvey, A. McG.), 114

Variance
components in quality control analysis (Russell et al), 344
Ventilation, assisted
in respiratory distress syndrome: effects on morbidity and perinatal mortality (Risemberg et al), 171

Welch, William Henry
teacher and distinguished pupil (Harvey, A. McG.), 178
Whipple, George Hoyt
teacher and distinguished pupil (Harvey, A. McG.), 178

Young, Hugh H.
early contributions to the surgery of cancer: William S. Halsted, John G. Clark (Harvey, A. McG.), 395
